

Attn (B.S.) Chemistry Students

Announcing a New
Study Abroad Scholarship
for the 2008 - 2009 Academic Year

The UA Department of Chemistry and Biochemistry has received a US - EU Atlantis Grant for a Transatlantic Dual Degree Program

Spend the 2008 fall semester in Dublin

Dublin City University, Ireland

Spend the 2009 spring semester in Regensburg

University of Regensburg, Germany

This program is for junior-level BS Chemistry and Biochemistry majors who plan to pursue a PhD in Chemistry, Medicinal Chemistry, or Biochemistry. Seniors may also participate, but will not graduate in May.

Grant provides for \$12,000 per year stipend, and insurance.
