

*Marleen Häring was born in 1989 in Ebersberg (Germany). She visited the Asam-Gymnasium in Munich and obtained her Abitur in 2009. In 2013 she received her B.Sc. degree in Chemistry at the University of Regensburg. Her thesis entitled "C-O Activation as Trifluoromethyl Substituted Benzoates towards Reductive Fragmentation Reactions under Visible Light Photocatalysis" and was carried out in the group of Prof. Reiser. Furthermore, she completed the research internships "Assembly and Functionalization of Soft Material Interfaces" in the group of Prof. König and "Inhibition of FLT3 and PDGFR Tyrosine Kinase Activity by Bis(1H-indol-2-yl)methanones" in the group of Prof. Mahboobi. In 2014 she obtained her MSc degree in Chemistry with the Thesis entitled: "Biopolymer-based Catalysis" under the supervision of Prof. Díaz. Besides chemistry she likes books, arts and her friends.*
